Welcome to RIGHT

Hello and welcome to all paramedics who are taking part in the RIGHT trial. We will be issuing regular newsletters throughout the remainder of the trial from the Division of Stroke Medicine at Nottingham City Hospital. Your comments and suggestions will always be welcome; please contact us at the address below.

Approval for RIGHT Qualitative Study

We are pleased to inform that we now have the approval from the MHRA and the ethics committee for the RIGHT Qualitative Sub study. The study will look at the challenges and experiences faced by paramedics to recruit patients into the RIGHT study. Interested paramedics can contact the trial doctor or paramedic champion. The study will involve taking part in an interview for approximately one hour to discuss your experiences taking part in the study.

Paramedic Training for RIGHT

To increase patient recruitment, we plan to train more paramedics for the RIGHT study. Could you kindly inform your friends and forward their contact details to either Dr Sandeep Ankolekar or Mr Michael Fuller, as training sessions can be organised appropriately.

Congratulations to....

Michael Fuller for his appointment as the new paramedic champion for RIGHT trial. He takes over from Miss Jennifer Eardley who was instrumental in setting up the trial initially. We thank her for her dedication and hard work and wish her good luck in the future. Michael will be visiting all sites to perform an audit of the trial envelopes.

Comments, Suggestions and Queries

Your comments and suggestions to increase recruitment are always welcome. We can also post answers to any of your RIGHT queries on this newsletter.
